Register for Nephrology Business Leadership University (NBLU)

Nephrology Fellows - Nephrology Business Leadership University (NBLU) is in its 3rd year. This is a must for graduating fellows.

[Read this review](#) from Mona Shaban and Natasha Dave from RFN from last years.

NBLU is a unique week long program that brings together a diverse faculty of practicing Nephrologists, hospital and dialysis provider executives, and other healthcare professionals who will share their insights on leadership, the business of nephrology, and the evolving healthcare landscape.

Most sessions are held in a workshop format and are highly interactive and individualized.
